## STOCKS LOOKING

THE EXTIRE LIST BENEFITED BY PROSPECTS OF END OF STRIKE.

Sugar Trust Shares Prominent and Gained 17-8 Per Cent .- At Indianapolis Grain Inactive.

At New York, Friday, money on call was

easy at 1 per cent. Prime mercantile paper, 205 per cent. Sterling exchange was dull and steady, with actual business in bankers' bills at \$4.88% for demand and \$4.87% for sixty days;

posted rates, \$4.88@4.89; commercial bills, Silver certificates, 64965c. Bar silver

closed at 62c per ounce; at London, 2814d. Total sales of stocks amounted to 138,931 shares, American Sugar leading with 46,100 shares. The share speculation opened firm, Friday, and was strong during the morning and early afternoon. The market began to be unsettled soon after midday, and a small part of the list sagged off, subsequently rallying, with a slight reaction after delivery hours. The final dealings were, however, in good tone, and the market closed strong, prices showing a very general advance from ¼ to 2 per cent. It was taken | June, for granted at the opening of business that the collapse of the strike was near at hand, and consequently when an announcement reached the street that President Debs had officially declared the strike off the report only served to hurry the snorts to cover more quickly. The usual discounting process had been done by the street, but the buying became more confident, and holders of stocks were less anxious to part with their securities except at advances on the current quotations. The fact that the report was false did not come out until late in the day. Sugar advanced 1%, to 99%. In the later dealings the stock moved back to 98%, closing at a recovery of %, and 1% higher on the day. Chicago Gas, after an early decline of 16, rose steadily throughout the day, selling up 216, and closing at the top figures. In the afternoon Washington advices were received stating that the conferees of the House on the tariff bill kavored decreasing the spirits tax from \$1.10 to \$1, and the bonded period. The Whisky people have been basing their calculations on the Senate bill going through so far as rush to sell on the unfavorable news, and a decline of 2% from the high figure of the morning was quickly effected, with a final recovery of 3, making a loss from Thursday's closing of 1%. The passing of the dividend by Louisville & Nashville is regarded as a wise policy, and brought the stock into demand, causing an advance of k. with a reaction of % at the close. C., & St. Louis shows an advance of Louisville & New Albany, 14. Declines were recorded of 24 in Tobacco preferred and 1 er cent. in Rubber.

The bond market was fairly active and

generally firm, the leading changes being: Advances-Kansas City & Pacific firsts, 21/2; Northern Pacific threes, 11/2; Wabash seconds, Oregon Improvement firsts, Northwest debenture fives of 1909, Kansas Pacific consols, 1 per cent. Declines-St. Joe & Grand Island firsts and Lake Erie & Western fives, 115, and Chesapeake & Ohio fives, 1 per cent. Galveston, Houston & Henderson fives sold at 70, as against 65 on March 20. Government bonds were strong. State bonds were oull.

ne following table, prepared by James E. Berry, Room 16, Board of Trade, shows the

#### Total outside of New York amounted to \$450.840.645, a decrease of only 2.7 per ctnt. LOCAL GRAIN AND PRODUCE. Trade in Most Lines Slow and Prices

Ensier-Sugars Go Up. The opening of the roads for business belos matters some, still, in all departments, it is noticeable that duliness is the characteristic. Dry goods houses are having a very quiet time. Grocers speak of trade as quiet for the first time in months. Prices on staple articles are well held. Poultry and eggs are both weak at the last revision of prices. Berries were a little scared vesterday, and better prices were obtained. In the vegetable line the supply is abundant and prices seldom lower. Some fair potatoes were sold yesterday at \$1.25 per barrel, although \$1.50 is the lowest price that commission men will name for quotations. Cabbage was sold at 25 cents per barrel, while the lowest quotation is so cents, which certainly seems low enough. Druggists report trade improving for alcohol, and in several other articles firmer prices are noted. Sugars advance 4c. The local grain market continues active, and unless strike troubles assume a more serious phase shipments of grain will largely increase in the next few days. At present wheat is being shipped to Baltimore. Philadelphia, Cleveland, Toledo and some to Detroit from this section. Track bids

yesterday ruled as follows: Wheat-No. 2 red, 505gc; No. 3 red, 48c. Corn-No. I white, 4512c; No. 2 white, 4512c. No. 3 white, 450 for one color, 45c for grade; No. 4 white, 41c; No. 2 white mixed, 45c; No. 3 white mixed, 45c; No. 4 white mixed, 4le; No. 2 yellow, 4se; No. 3 yellow, 65c; No. 2 yellow, 40c; No. 2 mixed, 44c; No. mixed, 43c; No. 4 mixed, 40c; carn corn,

No. 2 mixed, 47 gc; No. 3 mixed, 47 gc; rejected, 419:460 Rye-No. 2, 52c for car lots; 45c for wagon

Hay-Choice timothy, \$12; No. 1. \$1154: 1914c; 30 to 40 lbs average, 914994c; 29 to I animai's constitutional vigor,

#### TOBECONGRATULATED

THE COUNTRY STANDS WELL DUR-ING THE GREAT LABOR UPRISING.

Dun & Co. Says Things Are Not as Bad as They Might Be-Bradstreet's Weekly Review.

NEW YORK, July 13 .- R. G. Dun & Co.'s weekly review of trade to-morrow will say: When circumstances are duly weighed the soundness of business in this country during the past two weeks is amazing. With the railway yards of the second city in the country in the hands of rloters, besides many other cities and towns, with railway traffic almost entirely stopping Pacific, with presidential proclamations destrike of coal miners not fully ended in | ing to prevail. many States, and with differences between the House and Senate on the tariff question so wide that duties affecting mining and manufactures cannot be anticipated; with all this, industries and trade have gone on with sublime confidence that the people and the government would soon restore order. The shrinkage of business and the depression of values have been unexpectedly small, the failures relatively few and unimportant and there are even signs in some industries of actual progress toward recovery from previous trouble.

Wheat is slightly lower in profound dis- boats were chartered here to go to Duregard of the government report indicating morrow are: Wheat, 15 cars; corn, 174 cars; a yield of less than 400,000,000 bushels, and oats, 66 cars; hogs, 13,000 head. Leading a yield of less than 400,000,000 bushels, and as the official estimate of yield in 1893 was more than 100,000,000 bushels short of actual exports and consumption, it is readily assumed that another discrepancy as large may spring from a similar cause. Receipts and exports in the present disturbed condition of business are not significant. Corn has advanced a little, though accounts indicate a good yield. Cotton has declined an eighth with more favorable information as to conditions and the year's records have so discredited official and other esti-mates that little attention is now paid to With stocks of American abroad about as large as a year ago and the demand for cotton goods visibly narrowing, weakness is natural. Cotton manufacture has reduced production somewhat, though most of the mills continue to pile up goods and the stock of print cloths is 1,080, 000 pieces. Dullness is commonly ascribed and partly due to the disturbed conditions at the West and South. The same cause affects woolen manufacture, but less directly and the clothiers have postponed orders so long that their efforts to get merely the goods they must have now now give a better tone. Orders are small but in number such that fewer mills have closed since July 1 than was expected, and sales of wool for the week have been 3,835,-000 pourds, against 3,643,700 last year and 6,118,950 in 1892. The shoe factories in this quarter are closed, but the East has generally resumed earlier than was expected, and numerous, though small, orders, mainly for medium or low-priced goods, make up a fair aggregate of business. Shipments fro the East for two weeks of July have been 152,298 cases, against 148,755 last year. The output of pig iron, which dropped from 110,210 tons to 62,517 weekly in May because of the miners' strike, had only re-covered to 85,950 tons on July 1, and it is uncertain whether it is larger now, for numerous Western works have been stopped by the railroad blockade. The decrease in failures exhibited last week is followed by good returns for July thus far. Reported liabilities in the first five days were only \$811,567, though mail delays kept back some Western returns. The number of failures during the past week have been 237 in the United States, against 374 last year, and in Canada forty-nine, against twenty-five last year.

Western Trade Demoralized. NEW YORK, July 13 .- Bradstreet's statement of trade to-morrow will say: During the greater portion of the week general wholesale business at Chicago and at centers within the territory tributary has been practically paralyzed by the railway strike arger Eastern cities felt the effects of the tie-up in restricted receipts of live stock. meat and produce, while Western manufacturers and merchants suffered loss through inability to secure supplies and raw maerials from the East. Railroad strike and boycott in part repeated the effects of the recent soft coal strike by shutting up a large number of important industries in the central West through want of fuel. But, perhaps, no more favorable time from the point of view of the merchant and manufacturer than the midsummer of 1894, after the panic season in 1898, could have been chosen to precipitate so widespread a railroad tie-up, when business was already so generally and severely restricted. A number of small strikes are reported, but there are 25,600 fewer idle because of strikes on Friday this week than last. Iron, steel, lumber, shoe, wool and cotton manufacturing industries at larger Eastern and Western centers have practically no shipments, and commercial travelers throughout the Central and Western States

generally have been compelled to leave the The world's stock of wheat has declined during the past fourteen weeks about 6,000,-000 bushels more than in the latter portion of last year, which is significant in view of the insistence in the trade that invisible nestic supplies are almost exhausted. Exports of wheat, flour included, both coasts, United States and Canada, this week equal 2,377,000 bushels compared with 1,850,000 bushels last week, 4,134,000 bushels in the second week of July last year, 2, 583,000 bushels in that week two years ago, and 2,220,000 three years ago. Aside from influences already referred to the feature of the week at Boston and other Eastern centers has been higher prices for grain and provisions, although more ease is reported. Buffalo reports increased live stock shipments from Indiana, which would have gone to Chicago and Baltimore, a smaller trade from the West and fewer orders than expected from the South. A fair volume of business in shoes is reported from Philadelphia, and practically no note worthy movement at Pittsburg. All Western centers report railway transportation restored, but that it will be some time be-

#### fore any thing like complete restoration of conditions before the strike can be attained. The Age of Cows.

American Cultivator. has shown ability to perpetuate these qualities in her progeny, ten to twelve years old is long enough to keep her. A good many cows condemn themselves long before that time. We have known cows to breed up to eighteen or nineteen years old, but they had to be fed ground grain and bran mixed with moistened hay. There was no profit in milk and butter made this way. for the old cow gradually lessened her yield. The object was to produce calves from this cow to be used for breeding. But as the cow decreased in value, so, also, did her calves. Those last born were feeble and not very good milkers either. A cow whose milk production has been artificially forced for two or three years is apt never thereafter to come up to the standards she had before, as the production of

WHEAT AT CHICAGO HEAVILY UN-LOADED AND DECLINED 1-2C.

Corn Was Weak and Lower While Provisions Continued Dull and Fell Off All Around.

CHICAGO, July 13.-Damage to spring wheat by the recent excessive heat in the Northwest was the cause of an early gain of 1/2c in the price here. The expectation that with the railroads again in working order a heavy movement hitherward of the new winter wheat was inevitable, and that seeing it could not be delivered on speculative contracts it would necessarily be sold at its shipping value, caused weakness toward the end, and the close was 1kc below its previous day's resting price. Corn opened firm and closed easy at 1/4c decline. Provisions were dull and a shade The early strength in wheat was at-

tributed partly to advices of liberal quantities of cash wheat being taken in the Northwest, 25,000 bushels to-day and 1,300,-000 bushels for the week. Special crop reports from ten counties in South Dakota and western Minnesota indicate that the hot wave of the last sixty hours caused widespread ruin in the wheat fields. A bulge in corn had some influence in giving wheat its initial upward impetus, and some rumors early of the strike hav-ing been ordered off by the labor leaders helped to keep it steady for an hour or more. Seeing that buying orders at over seemed practically Rosekrans, who had been itching for a little encouragement to sell, began throwing it at the crowd in 100,000 and 200,000bushel lots. Immediately a great number of small holders began unloading, the effect of which was to force the price down, and the close was within 1/3c of the bottom for the day. Corn started under some excitement and at from %612c improvement in the price

of the active month-September. best prices of the day, however, were realized at the start. There did not appear to be any second line of timid shorts to take the place of the first after the latter discharged their guns and ran away. Prices closed with July unchanged, September down is and May a shade higher. The early strength was due to the same influence that had prevailed now for the past day or two, mainly the elevator situation and the talk of dry weather to the corn helt. The month is over and no in the corn belt. The month is over and no provisions yet made for the warehousing Pacific, with presidential preclamations de-claring the existence of an insurrection. decline was influenced by the break in and the passionate answer ordering half a | wheat and the report that the railroad million men to stop work, with a prolonged tion, it nevertheless caused an easier feelstrike was off. While it lacked confirma-There was a light trade in oats. The

market was stronger and prices advanced 18614c early, but later reacted in sympathy with wheat and closed easy at the bottom and 14@3sc below the top and at about the same prices as yesterday. Provisions were again dull and easier. Hog receipts were considerably heavier and their price was from 5c to 10c lower. There were more cash sales of lard reported than for some time previous. Swift & Co. were free sellers of ribs. Pork is 7½c lower and lard declined .02½c, with ribs unchanged. A better inquiry existed for vessel room and charters were made at %c for wheat. It was also reported that a number of

CHICAGO, July 13 .- The situation in cat-

tle was very weak. The liberal receipts, es

timated at 13,000 head, the butchers' strike

and the fact that the Eastern roads are not

yet in a position to move the usual amount

of stock all combined to cut down the de-

mand and depress values. Butchers' stuff

sold to better advantage than did other de-

scriptions, but there was nothing for which

buyers were willing to pay Thursday's

are taken by Eastern shippers and export-

est of the day. The offerings had to be

very good to bring as much as \$4.25 and,

although there were a few sales around

\$4.60, the greater part of the day's work

cattle were about 2,500 head. Prices were

Something like 18,000 hogs were unloaded

to-day and there were, perhaps, 3,000 stale

lower.

market was steady, and all were sold.

active and closed steady, with all sold.

Fair to medium shippers..... 3.40@3.65

hogs in the pens. This was pretty close to an average supply for a Friday, and as the machinery for getting the stuff into the channels of consumption is not yet in perfect running order, the market remained in a limp condition. Compared with yesterday's prices there was an average reduction of 10c, the best heavy grades receding to \$5.10 and \$5 being an outside quotation. There were few trades at over \$5.05, and the range at which most of the hogs were weighed was \$4.80@5, or at \$4.80@4.90 for averages of less than 200 pounds, and at \$4.90@5 for heavier weights. Trade was very quiet throughout and not nearly all the offerings were placed. To-day's receipts of sheep were estimated

at 5,000, making 29,000 for the expired part of the week as against only 3,800 a week ago. Trade was lifeless, owing to the strike of the butchers. Nominally, prices were lower; poor to choice, \$1.50@3.50; lambs, NEW YORK, July 13 .- Beeves-Receipts,

4,121; 738 cars on sale. The market was very dull and 25@35c per 100 lbs lower. Over 40 cars unsold. No choice cattle offered. Poor to prime native steers, \$3.50@4.85 per 100 lbs; bulls and cows, \$2.50@3.25. European cables quote American steers at 10% lic per lb, dressed weight; refrigerator beef at 84,694c per lb. Exports to-day, 971 beeves and 2,189 quarters of beef; to-morrow, 2,400 beeves and 5,780 quarters of beef. Calves-Receipts, 554. The market was dull and 4c per lb lower; yeals, poor to prime, \$3.50@5; buttermilk calves, \$2@2.25. Sheep and Lambs-Receipts, 9,036; 53 cars on sale. The market was demoralized; no demand. Over 40 cars unsold. Sheep barely steady; lambs, 4c per lb lower; sheep, poor to prime, \$2.50%4 per 100 lbs; lambs, common to prime, \$4%5.25. Hogs-Receipts, 3.447; 5 cars on sale. The market was steady; ordinary to good hogs, \$5.25@5.50; choice, \$5.75.

LOUISVILLE, July 13.-Cattle-Receipts were light and the market dull. A good many cattle in pens unsold. Extra shipping, \$464.15; light shipping, \$3.2563.65; best butchers', \$3.2563.65; fair to good butchers', \$2.25@2.85. Hogs-The market was dull and 5610c lower than yesterday's close. Indications are for lower prices. Choice packing and butchers', \$4.85; fair to good packing, \$4.75 @4.80; good to extra light, \$4.75@4.80. Sheep and Lambs-Receipts were light and market slow and 25c lower; good to extra shipping sheep, \$202.25; fair to good, \$1.75@2; extra spring lambs, \$4@4.25; fair to good spring lambs, \$3.50@4.

KANSAS CITY, July 13.-Cattle-Receipts, 4,300; shipments, 4,000. The market was slow and barely steady; Texas steers, \$203.60; beef steers, \$304.75; native cows, \$1.75@3.30; stockers and feeders, \$2.55@3.75. Hogs-Receipts, 7,500; shipments, 200, The market was weak and 10c lower; bulk of sales, \$4.85@4.90; heavies, \$4.85@5; packers, \$4.85@5; mixed, \$4.80@4.95; lights, \$4.70@4.90; pigs, \$4.40@4.80. Sheep-Receipts, 1,200; shipments, none, The market was steady. ST. LOUIS, July 13.-Cattle-Receipts, 1,-800; shipments, 2,000. The market was active and strong for natives, with Texans 10@15c lower; native steers, 1,200 to 1,300 lbs. \$4.10 @4.35; Texas steers, light, \$2.50@3.10; cows, \$1.65/0 2.10. Hogs-Receipts, 1,500; shipments, 1,200 The market was 10c lower; best light and medium weights, \$5. Sheep-Receipts, 700; shipments, none. Tho market was active and strong; native

mixed, \$2.75@3. CINCINNATI, July 13 .- Hogs-The market was firm at \$4.50@5.15. Receipts, 1,300; shipments, none. Cattle-The market was weaker at \$2.25% 4.25. Receipts, 400; shipments, none, Sheep-The market was weak at \$1@3.25. Receipts, 4,200; shipments, none. Lambs lower at \$2,25@4.60. EAST LIBERTY, July 13.-Cattle dull;

prime, \$4.50@4.75; good butchers, \$3.75@4; good fat cows and heifers, \$2.25@3. Hogs dull and lower; Philadelphias, \$5.1000 5.15; best Yorkers, \$5.1075.15; common to fair Yorkers, \$4.90%5. Sheep in fair supply, dull and unchanged

# Daily,

Sunday

And Weekly

THE INDIANAPOLIS

The Journal is first of all a newspaper. Its primary object is to publish the news, and to procure this it spares no pains or expense, Besides the service of the Associated Press, which covers foreign countries as well as the entire United States, it has a corps of special correspondents, who give attention to those events and occurrences that are likely to be of particular interest to the Indiana public.

# Its Washington Bureau

Was established for the purpose of looking after matters in which the State and its people are concerned, and is under the management of a gentleman well acquaint. ed with the local business and political issues.

It has a correspondent in every town of importance in the State. and is constantly increasing its facilities for obtaining information from every quarter.

Its staff of city reporters is large. and its local departments are unexcelled. As a newspaper it is far better equipped than any other in the State, and welcomes comparison with its contemporaries in any and all of its departments. With all, it endeavors to be accurate and trustworthy, printing the news, whatever it may be, without personal or partisan bias.

# THE SUNDAY

Is a paper that gives more attention to miscellaneous literature than the other editions, and contains in its sixteen, and often twenty, pages a variety of choice reading matter that satisfies the most exacting taste.

# The Indiana State Journal

(Weekly Edition) is a large 56-column paper, carefully edited, with a special view to the wants of India ana readers, both in its general and political news. Its subscription price, \$1.00, with reduction to clubs, places it within the reach of all, and no campaign contribution can be so effective as when spent in furnishing this paper to readers who need Republican doc-
